OBJECTIVE

BCA graduate passionate about cybersecurity, with hands-on experience from TryHackMe labs and personal security projects. Familiar with SIEM tools (Splunk, ELK), log analysis, and threat detection. Seeking a SOC Analyst (L1) opportunity to contribute and grow in a Security Operations Center.

WORK/PROJECT EXPERIENCE

DomainHunter – Domain Information Gathering Tool

Mar - Apr 2026

[Github Project](#)

- Developed a Python-based domain reconnaissance tool to collect WHOIS, DNS, SSL certificate, and IP intelligence data.
- Implemented Domain Lookup, Reverse IP Lookup, DNS Blacklist Detection, and SSL Certificate Analysis functionalities.
- Automated structured JSON report generation with timestamped scan results for security analysis and documentation.
- Applied networking concepts including DNS, WHOIS, socket programming, and SSL/TLS to support cybersecurity reconnaissance activities.

NetSpecter – Network Scanning & Reconnaissance Tool

Apr - May 2026

[Github Project](#)

- Developed NetSpecter, a Python-based network reconnaissance tool inspired by Nmap for port scanning and service enumeration.
- Implemented TCP/UDP scanning, banner grabbing, and service detection to identify active hosts and running services.
- Added support for custom port selection, verbose output, and scan result logging for streamlined network analysis and multi-threaded scanning engine to improve scan speed .
- Strengthened practical knowledge of network protocols, port enumeration, service discovery, and cybersecurity reconnaissance techniques.

TECHNICAL SKILLS

- Languages: Python, Bash
- Security & SIEM Tools: Splunk, Elastic (ELK), Snort, Wireshark, Nmap, Burp Suite
- Development Tools: Git, GitHub, VS Code
- Cyber Security & Networking:
 - TCP/IP, DNS, HTTP/HTTPS
 - Network Traffic Analysis
 - Security Monitoring & Log Analysis
 - Incident Detection & Investigation
 - Reconnaissance & Information Gathering
- Operating Systems : Linux, Windows
- Platforms : TryHackMe

EDUCATION

Bachelor of Computer Applications

Aug 2023 - Jul 2026

- Maa Shakumbhari University
- CGPA : 7.27
- Graduation : 2026

CERTIFICATIONS/COURSES

- Cyber Security with AI (**Internshala**)
- SOC Level 1 (**TryHackMe**)
- SIEM Tools (Splunk/EDR) (**TryHackMe**)
